INNOVATION MEETS INFRASTRUCTURE

Throughout the Cincinnati region, Northern Kentucky University, Xavier University, Miami University, Thomas More University, and the University of Cincinnati all add information technology talent to the pipeline. In a 2021 report from San Francisco-based CodeSignal, Miami was ranked No. 2 among U.S. colleges for coding assessments, ahead of Carnegie Mellon and Columbia University.

Northern Kentucky is rich with software developers and service providers, from enterprise solutions to AI and cloud computing. Technology keeps goods and people moving in the Cincinnati region and around the globe.
